Education

Standard ECVM Residency

Institution European College of Veterinary Microbiology (ECVM)
From January 2023
To To date
Tutor Prof Patrizia Robino (University of Turin, ECVI Diplomate)

PhD student in Veterinary Sciences for Animal Health and Food Safety

Institution University of Turin – Department of Veterinary Sciences
From October 2020
To To date
Academic tutor Prof Alessandro Mannelli (University of Turin)

Post-graduate 2° level master course in Epidemiology

Institution University of Turin – Department of Medical Sciences
From November 2018
To 10th February 2021
Grade 110/110 cum laude
Thesis Spatiotemporal dynamics of questing *Ixodes ricinus* on the Italian side of North-Western Alps
Academic tutors Prof Laura Tomassone (University of Turin)
Prof Dolores Catelan (University of Padua)

Qualification to practice as a Veterinary Doctor

Institution Order of Veterinary Doctors of the Province of Torino
Date November 2018
Grade 112/120

Master's Degree in Veterinary Medicine

Institution University of Turin – Department of Veterinary Sciences
From September 2012
To 18th July 2018
Grade 106/110
Thesis Characterization and antimicrobial-resistance profiling of *Staphylococcus aureus* strains isolated from rabbits (*Oryctolagus cuniculus*)
Academic tutor Prof Patrizia Robino (University of Turin)

Bachelor's Degree in Animal Productions, Wildlife Management and Preservation

Institution University of Turin – Department of Veterinary Sciences
From Settembre 2008
To 29th October 2012
Grade 107/110
Thesis Productivity analysis of a Saanen goats' herd in the province of Torino
Academic tutor Prof Mario Mattoni (University of Turin)

Secondary School Diploma in Classical Studies

Institution Liceo Ginnasio Statale "Camillo Benso di Cavour"
From September 2002
To 7th July 2007
Grade 74/100

Grants

European Network for Optimization of Veterinary Antimicrobial Treatment (ENOVAT, COST Action CA18217) Virtual Mobility Grant

Institution European Network for Optimization of Veterinary Antimicrobial Treatment (ENOVAT, COST Action CA18217)
From 4th January 2023
To 31st March 2023
Duration 3 months
Project Title Results of the five-lab study towards the setting of new epidemiological cut off values for veterinary pathogens (E-COST-GRANT-CA18217-a3b631b8)
Scientific Manager Prof Gudrun Overesch (University of Bern)

Federation of European Microbiological Societies (FEMS) Research training grant

Institution Royal GD, Deventer (NL)
From 26th November 2022
To 30th April 2023
Duration 5 months
Project Title Typing *Streptococcus agalactiae* using Fourier Transform Infra-Red (FTIR) mass spectroscopy
Scientific Manager Dr Annet Heuvelink (Royal GD),
Prof Theo J.G.M. Lam (University of Utrecht, Royal GD)

Research grant

Institution University of Turin – Department of Veterinary Sciences
From 5th January 2020
To 30th September 2020
Duration 10 months
Project Title Data management within a collection of microorganisms and laboratory activities for the conservation of bacterial and fungal strains
Scientific Manager Prof Patrizia Nebbia (University of Turin)

Research grant

Institution University of Turin – Department of Veterinary Sciences
From May 2019
To November 2019
Duration 8 months
Project Title Antibiotic-resistance profile in staphylococci isolated from racehorses and stable staff: clinical, laboratory and epidemiological investigations
Scientific Manager Prof Alberto Tarducci (University of Turin)

Research grant

Institution University of Turin – Department of Veterinary Sciences
From Novembre 2018
To February 2019
Duration 4 months
Project Title Vector-borne and One-Health diseases: clinical, laboratory, and epidemiological investigations

Scientific Manager Prof Laura Tomassone (University of Turin)

Part-Time Working Contract for Students

Institution University of Turin – Department of Veterinary Sciences
From February 2016
To December 2016
Duration 75 hours
Main task Assistance at the Didactic Laboratories for the conduct of practical lessons
Manager Prof. Patrizia Robino (University of Turin)

Part-Time Working Contract for Students

Institution University of Turin – Department of Veterinary Sciences
From February 2014
To December 2014
Duration 150 hours
Main task Assistance at the Didactic Laboratories for the conduct of practical lessons
Manager Prof Patrizia Robino (University of Turin)

Educational Experiences

Post-Graduate Traineeship in Animal Infectious Diseases

Institution University of Turin – Department of Veterinary Sciences
From February 2019
To May 2019
Acquired skills Small-animals bacteriological diagnostics; management of clinical samples; differential diagnosis for the main pathogenic bacteria of companion animals; antimicrobial susceptibility testing (agar disk-diffusion); reporting results of the bacteriological examination; biomolecular tests for virological and bacteriological diagnostics of ornamental avian species.
Teacher Prof Laura Tomassone (University of Turin)
Prof Patrizia Robino (University of Turin, ECVI Diplomat)

Pre-Graduate Traineeship in Animal Infectious Diseases

Institution University of Turin – Department of Veterinary Sciences
From January 2018
To March 2018
Duration 100 hours
Acquired skills Bacterial DNA extraction from isolated colonies; PCR set-up for resistance genes and virulence factors; bacterial DNA sequence analysis, Spa-typing (AppliedMath Bionumerics)
Teacher Prof Patrizia Robino (University of Turin, ECVI Diplomat)

Teaching Activities

Seminar

Organizing institution University of Camerino – School of Veterinary Medicine and Biosciences
Event Postgraduate School of Animal Health
Title Examples of Veterinary Epidemiology Applied to Public Health and Animal Health
Place, date Matelica (IT), 18th May 2023

Webinar

Organizing institution Order of Veterinary Doctors of Lecco and Como Provinces
Title Epidemiology of Antimicrobial Resistance in the Clinic of Pets: Origin,

Evolution and Topicality of the Problem
Place, date Online, 6th May 2022

Tutoring

Organizing institutions University of Turin – Department of Medical Sciences, Italian Association of Epidemiology
Event Post-graduate Professional Course in Epidemiology – 3rd module
Place, date Turin (IT), 24th – 28th May 2021

Webinar

Organizing institution University of Pisa – Department of Veterinary Sciences
Event Postgraduate School of Animal Health
Title Examples of Veterinary Epidemiology Applied to Public Health and Animal Health
Place, date Online, 23rd April 2021

Scientific Dissemination Activities

Dissemination event

Organizing institutions University of Torino, CentroScienza Onlus
Event “Un grado e mezzo”
Place, date Torino (IT), 26th June 2022

Informative event

Organizing institution Italian Alpine Club – Section of Pianezza
Title African Swine Fever cases in Italy: things to know for the hikers
Place, date Pianezza (IT), 10th February 2022

Dissemination event

Organizing institution University of Torino – Due punti Festival
Event “Ricercatori alla carta”
Place, date Grugliasco (IT), 3rd October 2021

Dissemination event

Organizing institution University of Torino
Event European Researchers' Night – SHARPER 2021
Place, date Torino (IT), 25th September 2021

Educational workshop with middle school students

Organizing institution University of Torino, CentroScienza Onlus
Title The Invisible World of Bacteria
Place, date Online, 3rd – 28th May 2021

Informative event

Organizing institution University of Torino – Department of Veterinary Sciences
Title Antimicrobial Resistance in Horses
Place, date Pinerolo (IT), 17th October 2020

Logo design for celebration

Organizing institution University of Torino – Department of Veterinary Sciences
Event Official celebration of the 250th anniversary of the Torino Veterinary School
Place, date Torino (IT), 31st October 2019

Institution	University of Torino, Deutscher Akademischer Austauschdienst (DAAD)
Place, date	Torino (IT), 18 th March – 11 th May 2021

ANIMAL WELFARE

Certificate	The official control in the herds of cattle and buffaloes: the new check list integrated with the ClassyFarm system
Institution	Experimental Zooprofilattico Institute of Lombardia and Emilia-Romagna (NRL-AW)
Place, date	Online, 12 th March 2021
Certificate	e-IBA* For an ethical approach to farm animal welfare
Institution	Experimental Zooprofilattico Institute of Venezia
Place, date	Online, 24 th March 2014
Duration	30 hours

EPIDEMIOLOGY

Certificate	Bayesian Spatial and Spatio-Temporal Health Modeling Workshop
Institution	University of Hasselt – Data Science Institute
Place, date	Diepenbeek (BE), 3-4 th October 2022
Duration	14 hours

LABORATORY SKILLS & ANTIMICROBIAL RESISTANCE

Certificate	ENOVAT Training School: Optimising practise in veterinary clinical microbiology: from sample taking to treatment decision
Institution	European Network for Optimization of Veterinary Antimicrobial Treatment (ENOVAT, COST Action CA18217)
Place, date	Bari (IT), 14-15 th September 2022
Duration	8 hours
Certificate	New Technologies in Veterinary Laboratory Diagnostics
Institution	Center for Training and Lifelong Learning, Agricultural University of Athens
Place, date	Online, 8 th July 2022
Duration	100 hours
Certificate	MALDI Biotyper Advanced Operator Training Course
Institution	Bruker Daltonik GmbH & Co. KG
Place, date	10 th March 2022
Duration	4 hours
Certificate	Emerging laboratory and point-of-care technologies for detection of AMR and bacterial infection in veterinary medicine
Institution	ESCMID Study Group for Veterinary Microbiology (ESGVM)

Place, date	9 th March 2022
Duration	7 hours
Certificate	Annual Workshop of the National Reference Laboratory for Antibiotic Resistance and of the National Reference Center for Antibiotic Resistance 2020
Institution	Experimental Zooprofilactic Institute of Lazio and Toscana "M. Aleandri" (NRL-AR and NRC-AR)
Place, date	Online, 14 th – 16 th December 2020
Duration	20 hours
Certificate	MALDI-TOF Mass Spectrometry: Principle and Applications
Institution	Bruker Daltonik GmbH & Co. KG
Place, date	Grugliasco (IT), 23 rd July 2019
Certificate	Antimicrobial-resistance: theory and methods
Certificate number	3RDDHKWUP9Z3 (https://www.coursera.org)
Institution	Technical University of Denmark
Place, date	6 Maggio 2017

TRANS-DISCIPLINARY RESEARCH

Certificate	Early Career Scientist Trans-disciplinary Workshop
Institution	University of Bern – VetSuisse Faculty
Place, date	Bern (CH), 6 th – 7 th May 2019
Duration	20 hours

 Place, date Online, 23rd – 25th November 2020
 ID Poster list, n.15

Poster

Authors Anna Rita Attili, Alessandro Bellato, Patrizia Robino, Livio Galosi, Giacomo Rossi, Martina Linardi, Vincenzo Cuteri, Francesca Paola Nocera, Luisa de Martino, Patrizia Nebbia
Title Teicoplanin and Vancomycin resistance in Methicillin-sensitive *Staphylococcus aureus* isolated in a rabbit farm in Italy
Event 2nd International Conference of the European College of Veterinary Microbiology (ICECVM)
Place, date Online, 25th – 27th October 2020

Poster

Authors Patrizia Nebbia, Alessandro Bellato, Anna Rita Attili, Maria Cristina Stella, Francesca Canavesi and Patrizia Robino
Title Retrospective analysis of antibacterial resistance among uropathogen *Escherichia coli* in a veterinary teaching hospital (Italy, 2014-2019)
Event 30th European Congress of Clinical Microbiology and Infectious Diseases (ECCMID)
Place, date Online, 18th – 21th April 2020
Abstract book 2020, n. 9434

Poster

Authors Bellato A., Bullone M., Stella M.C., Nebbia P., Robino P., Perona G., Tarducci A.
Title Validation of a suitable protocol for the isolation of Coagulase-Negative Methicillin-Resistant *Staphylococcus* spp. (MR-CoNS) from healthy horses
Event 37th Annual Symposium of the Veterinary Comparative Respiratory Society (VCRS)
Place, date Caen (FR), 15th – 18th September 2019

Poster

Authors Nebbia P., Costantino B., Bellato A., Stella M.C., Robino P.
Title A collection of Uropathogenic *Escherichia coli* (UPEC) isolated from pets at the Microbiological Laboratory of Veterinary Department
Event XXXVIII Annual Meeting of the European Culture Collections' Organization (ECCO)
Place, date Torino (IT), 12th – 14th June 2019

Poster

Authors Attili A.R., Papeschi C., Rossi G., Cuteri V., Fileni F., Linardi M., Galosi L., Nebbia P., Chiesa F., Bellato A., Robino P.
Title Characterization and antibiotic resistance of *S. aureus* isolated from rabbits (*Oryctolagus cuniculus*)
Event 45th National Congress of the Italian Society of Microbiology (SIM)
Place, date Genova (IT), 27th – 30th September 2017
ID P159
Award 2nd place in Bacteriology-Micology-Parassitology, "Mario Campa" Foundation and Springer Awards – 2017 Edition

Congresses & Seminars

2023 76th Congress of the Italian Societies of Veterinary Sciences (SISVET), 21st – 23rd June 2023, Lodi (IT)
33rd European Congress of Clinical Microbiology and Infectious Diseases (ECCMID), 15th - 18th April 2022, Copenhagen (DK)

- European Network for the Optimization of Veterinary Antimicrobial Treatment (ENOVAT) Meeting, 2-3rd March 2023, Pamplona (ES)
- 2022 4th Congress of the European College of Veterinary Microbiology (ICECVM), 16-18th September 2022, Bari (IT)
- International Mountain Conference (IMC), 11-15th September 2022, Innsbruck (AT)
- XLVI Congress of the Italian Association of Epidemiology (AIE), 29th June-1st July 2022, Padua (IT)
- Seminary: Enhancing innate immune responses to control infectious diseases in domestic animals, 22nd June 2022, Grugliasco (IT)
- Seminary: Development of new strategies to control animal and human tuberculosis, 21st June 2022, Grugliasco (IT)
- 75th Congress of the Italian Societies of Veterinary Sciences (SISVET), 15th – 18th June 2022, Lodi (IT)
- 32nd European Congress of Clinical Microbiology and Infectious Diseases (ECCMID), 9th March 2022 (pre-ECCMID), 23rd March 2022 (pre-ECCMID), 23rd – 26th April 2022, Lisboa (PT)
- 2021 1st Game of Research – North Edition, 16th December 2021, Grugliasco (IT)
- 3rd International Conference of the European College of Veterinary Microbiology (ICECVM), 16th – 17th October 2021, online
- 2020 10th International Conference on Antimicrobial Agents in Veterinary Medicine (AAVM), 23rd – 25th November 2020
- 2nd International Conference of the European College of Veterinary Microbiology (ICECVM), 25th – 27th October 2020
- 2019 1st National Conference of the Italian Association of the History of Veterinary Medicine and Farriery (AISMeVeM), 18th – 19th October, Grugliasco (IT)
- 1st International Conference of the European College of Veterinary Microbiology, 26-27 Settembre 2019, Atene (GR)
- Seminary: Dissemination and Scientific Information, 25th June 2019, Grugliasco (IT)
- Seminary: Risk analysis of communicable diseases in primary production, 16th May 2019, Cuneo (IT)
- 8th Congress of Travel and Migration Medicine, 4th – 5th April 2019, Torino (IT)
- 2018 National Congress of the Italian Society of Veterinary Veterinarians (SIVAR), 16th – 18th May 2018, Cremona (IT)
- 2017 National Congress of the Italian Society of Veterinary Veterinarians (SIVAR), 10th – 12th May 2017, Cremona (IT)
- Seminary: Pasture and mountains: opportunities and sustainability of high-altitude grazing, 8th July 2017, Ceresole Reale (IT)
- 2016 Seminary: Intensive breeding of the dairy goat, 1st December 2016, Cremona (IT)
- Seminary: Practical approach to the pathologies of the calf, 27th October 2016, Cremona (IT)
- XXII National Congress of the Italian Society of Ovine-Caprine Pathology, 13th – 16th September 2016, Cuneo (IT)
- 2013 Seminario: Traditional products and dairies in the mountain pastures: food safety and enhancement of production towards EXPO 2015, 3rd December 2013, Milano (IT)

Competences

Laboratory	<p>I am able to culture, identify and isolate main veterinary pathogenic bacteria through classic bacteriological methods. I am also able to process isolates and other samples via MALDI-TOF mass-spectrometry and to manipulate mass spectra for cluster analysis, spectra database implementation, peak recognition.</p> <p>I can perform and interpret antimicrobial susceptibility testing on the basis of international guidelines.</p> <p>I know and know to apply methods for the long-term conservation of bacterial strains.</p> <p>I can extract bacterial and viral DNA from different substrates for molecular analysis. I am able to set up PCR and real-time PCR, and to interpret results for research and diagnostic purposes.</p>
Computer Science	<p>Mastery of MS Windows operating systems and some MS Office tools (Word, Excel, PowerPoint). Basic competence with linux environment.</p> <p>I am able to advanced search the main scientific databases (PubMed, Europe PMC, Mendeley, Google scholar etc.).</p> <p>I have basic knowledge of programming in C ++, SQL, SAS, Phyton. I have mediocre experience in programming using R and STATA.</p>
Data Science & Bioinformatics	<p>I have advanced knowledge of epidemiological study models, as well as the implications in the use of risk and association measures.</p> <p>I have good knowledge of statistics applied to the study of populations in the epidemiological field, of the basic concepts of probability, of probability distributions and of the main parametric / non-parametric concordance / correlation statistical tests.</p> <p>I have a good expertise in using various regression models and multivariate analysis, but only basic knowledge of machine-learning methods.</p> <p>I am quite experienced in data analysis and management using STATA, R-Studio, Python Pandas, SAS, and spreadsheets.</p> <p>I have basic knowledge in microbiome data analysis.</p> <p>I have acquired good spatial representation skills using QGis and R. Also I am able to perform some spatial analysis of local and global aggregation statistics.</p> <p>I got basic skills in nucleotides sequence analysis.</p>
Communication	<p>I have average vector graphics processing and pagination skills (Adobe Illustrator, Indesign, Autocad), and basic bitmap graphics skills (Adobe Photoshop).</p>
Time management & benchmarking	<p>I rapidly become self-sufficient in performing new tasks and I am able to plan activities to meet the objectives. I tend to rationalize time and resources. Good learning, adaptation, and resilience skills. I am prone to engage in tasks of increasing complexity.</p>
Other	<p>I got driver's licence A and B. I own car and motorbike.</p> <p>I am member of the National Association of Veterinary Infectious disease</p>

specialists since 2022

Member of the European Society of Clinical Microbiology and Infectious Diseases (ESCMID) since 2020

Member of the Italian Association of the History of Veterinary Medicine and Farriery (AISMeVeM) since 2019

Member of the Italian Association of Epidemiology (AIE) since 2021

Member of the Italian Alpine Club (CAI) since 2017 and board member of the local section of Pianezza (IT)
